

Technical Perspectives on Analyst's Rating Changes

AUXL case study
03-02-2008

AUXL – The only rating change reported over the past three years for AUXL was covered in the TPARC report for December 4, 2007. The technical perspective on the stock was that it was in a "persistent long-term uptrend" and it was "performing well" and there were "no signs of a top." This stock has been trending up since mid 2006 and has performed well. It still remains above the 45-degree Bullish Support Line.
