

Technical Perspectives on Analyst's Rating Changes

FINL - case study

01-20-2008

FINL – The stock was upgraded on this TPARC report but the trend was clearly down. The stock proceeded to drop from over \$14 to under \$2. This was a major decline and there are no signs of a reversal as of the more recent TPARC report, dated 01-18-2008.
